AMERICAN SCRAPE® | ENGINEERED HARDWOOD

Richly Textured for Rustic Beauty

Richly textured floors inspired by the diversity of the American landscape bring the look of vintage hand-scraped floors to today's homes. American Scrape® hardwood combines beautiful design with premium American materials and craftsmanship to ensure the highest quality textured hardwood floors.

This 1/2" thick collection is an upgrade from its 3/8" counterpart, making it a thicker and more stable option. A wider width, on trend low gloss visuals and a more refined scrape add rustic sophistication to your space.

NATURAL CHARACTER

In each carton of American Scrape, you can expect to find a range of natural wood character, such as filled knots and splits, large mineral streaks and high color variation. For optimal installation, mix planks from multiple cartons to ensure that the natural character is evenly distributed throughout the floor.
